

Dwelling time

For the assessment of dwelling time per room, 2759 measurements were taken. It should be noted that not every single measurement represents a single visitor. Sometimes the dwelling time of one visitor was analysed in more than one room. It is estimated that the dwelling time of approximately 215 different people in different rooms was measured. The overall dwelling time was specifically measured analysing 28 extra individuals.

Average dwelling time (minutes)		
room	Tourists	Nationals
Reception entry	1:52	1:52
Canal room	2:39	5:30
