

Fourteen Ways to See the Same Thing

A Prompt by Poet Douglas Kearney

Jack Zajac
American, 1963
Big Skull and Horn in Two Parts II
Bronze
44¾ x 92 x 22½ in.
2005.123

Jack Zajac's *Big Skull and Horn in Two Parts* is one of fourteen sculptures that the artist made of a ram's skull. Choose a non-living thing. It can be something you see at the Getty, something in your pocket, or your favorite item in your bedroom. Write about that object in fourteen different ways. You can describe it, wonder about it, imagine it coming alive, tell a joke about it, etc.
