## Art for the Diaper Set

LOS ANGELES—Designed and written for the youngest of art appreciators, *Dogs*, *Cats*, and *Kids* (J. Paul Getty Museum, \$4.95 each, board books) launch the Discovering Art series from Getty Publications. These colorful books are filled with delightful images from the J. Paul Getty Museum's collections. But not just any images: the first contains pictures of dogs; the second, of cats; the third of children, each accompanied by a bit of read-aloud rhyme. These charming books introduce children to the many different ways artists see the world.

Thumbnails of the full artworks and artist information are included in the back of the book.
